CIRCULAR

Department of Forest and Wildlife is permitting the students to do their internship in various activities of the department as part of their academic programme. They have to undergo the tasks/works assigned to them for successful completion of Internship. It has been observed that Internship Certificate is being issued without submission of detailed report in this office. This is in clear violation of terms and conditions of internship program.

....“The intern will submit a draft report of the assignment to the designated officer (Guide) before conclusion of the internship”

In view of above, all the interns are directed to submit the detailed report of the work done to their guides for approval of competent authority i.e. APCCF/HoD, Department of Forest and Wildlife, GNCTD. Internship certificate will then only be issued by the competent authority. Till then all the internship certificated issued by the guides are withdrawn by immediate effect.
